

Job Description for Early Childhood Education Facilitator

Job Title: Early Childhood Education Facilitator

Organization: Tejasvita Trust

Location: South Bangalore

Hours: 20 hours per week (minimum)

About Us:

Tejasvita Trust is a pioneer in transforming early childhood education in India's low-income communities through a child-centric, affordable, Montessori-inspired approach. We work closely with schools to empower teachers to adopt methodologies that nurture children's holistic development, including literacy, cognitive, social-emotional, and aesthetic skills.

You can find more information about us at <http://www.tejasvita.org>

Job Overview:

This is a paid, part-time position ideal for those passionate about educational transformation. We are seeking highly motivated individuals with a strong interest in education transformation to join our team as facilitators. This role involves working directly with teachers in our partner schools, guiding them through a deep shift in their teaching methods towards a more child-centric approach.

As a facilitator, you will be a changemaker in the educational space, supporting teachers in various low-income schools in understanding and adopting child-centered approaches. This role requires a balance of patience, leadership, and strong interpersonal skills to help teachers navigate this transformation.

Key Responsibilities:

- Provide ongoing support and mentorship to teachers, helping them integrate new practices into their classrooms.
- Observe classroom teaching, offer constructive feedback, and assist teachers in creating environments that foster independent learning, creativity, and holistic development in children.
- Facilitate child-centric learning sessions for preschool and/or primary school children using Tejasvita's holistic curriculum and pedagogy.
- Collaborate with the Tejasvita team to continuously refine and enhance training materials, ensuring they are effective for the teachers.

Qualifications:

- Graduate or postgraduate degree in any field.
- Montessori training or training in any other child-centric pedagogy.
- Experience working in preschool or primary school classroom
- Experience working with adult learners, especially teachers, is a strong advantage.
- Excellent communication skills, with the ability to inspire and guide others in adopting new methodologies.
- Passionate about education and making a social impact, with a deep commitment to improving teaching practices in low-income schools.

What We Offer:

- Part-time work schedule (20 hours a week) or more (depending on your choice), ideal for individuals seeking a balanced lifestyle.
- The chance to be a changemaker, leading educational transformation in underserved communities.
- Comprehensive training in Tejasvita's child-centric methods and facilitation skills, as well as support in developing your own facilitation skills.
- A collaborative and supportive work environment that encourages growth and learning for both facilitators and teachers
